

I pay for my radio! I pay for all the services that XM provides, and I am sickened that there are some people that are trying to tell me what I can and cannot listen to! If you take away this feature of my XM service, you are inherently censoring something that I PAY for. If you have any decency you'll reject the NAB's petition 04-160, because I pay for it and I USE it. I benefit greatly from the traffic and weather services, they make XM Satellite Radio a valuable tool during my days.
